

Living things grow and change

This week I will...

- Observe pictures and patterns.
- Sort examples using evidence.
- Draw and explain one science idea.

6 practice sheets • weekly review • solutions immediately after the lesson

Say your thinking aloud. Point carefully. Work neatly. Ask for help when needed.

Name _____

Sheet 1 of 6

Look closely and say what you notice.

1)

Observe the tree.

.....

.....

2)

Observe the flower.

.....

.....

3)

Observe the bird.

.....

.....

4)

Observe the butterfly.

Solutions

Use this page to check all six practice sheets.

Sheet 1

Open response: Accept an accurate response connected to living things grow and change and the pictured tree.
Other answers may vary when supported by observation.

Sheet 2

Open response: Accept an accurate response connected to living things grow and change and the pictured flower.
Other answers may vary when supported by observation.

Sheet 3

Open response: Accept an accurate response connected to living things grow and change and the pictured bird.
Other answers may vary when supported by observation.

Sheet 4

Open response: Accept an accurate response connected to living things grow and change and the pictured butterfly.
Other answers may vary when supported by observation.

Sheet 5

Open response: Accept an accurate response connected to living things grow and change and the pictured car.
Other answers may vary when supported by observation.

Sheet 6

Open response: Accept an accurate response connected to living things grow and change and the pictured chair.
Other answers may vary when supported by observation.

Mastery check: learner completes at least 80% independently and explains one answer in their own words.
