

# Landforms

## This week I will...

- Observe pictures and patterns.
- Sort examples using evidence.
- Draw and explain one science idea.

**6 practice sheets • weekly review • solutions immediately after the lesson**

Say your thinking aloud. Point carefully. Work neatly. Ask for help when needed.

Solutions

**Use this page to check all six practice sheets.**

**Sheet 1**

Open response: Accept an accurate response connected to landforms and the pictured child. Other answers may vary when supported by observation.

**Sheet 2**

Open response: Accept an accurate response connected to landforms and the pictured dog. Other answers may vary when supported by observation.

**Sheet 3**

Open response: Accept an accurate response connected to landforms and the pictured tree. Other answers may vary when supported by observation.

**Sheet 4**

Open response: Accept an accurate response connected to landforms and the pictured flower. Other answers may vary when supported by observation.

**Sheet 5**

Open response: Accept an accurate response connected to landforms and the pictured bird. Other answers may vary when supported by observation.

**Sheet 6**

Open response: Accept an accurate response connected to landforms and the pictured butterfly. Other answers may vary when supported by observation.

**Mastery check: learner completes at least 80% independently and explains one answer in their own words.**
